

JIT DRIVER GIVEN PROBATION BY JUDGE WEST. TWO YEARS

Strong Petitions In Favor of Clemency Are Presented To Judge West.

ATTORNEY BISHOP PUTS UP WINNING FIGHT

Prosecutor Says Prison Sentence May Yet Be Needed to Stop Reckless Driving

Probation was today given William Sapp, jitney driver convicted of manslaughter as a result of the death of a passenger, M. S. Raffel, of Los Angeles, when the machine driven by Sapp turned over at Delhi last August.

Judge West gave an order staying pronouncement of sentence for two years.

Attorney Clyde Bishop, representing Sapp, presented to the court several petitions and statements favoring probation for Sapp. First came a petition from the twelve jurors who found Sapp guilty. The verdict recommended extreme clemency. The petition added the request for probation. An editorial in the Register advocating probation was read and filed. Statements from A. Getty, vice president of the First National Bank; W. F. Lutz, cashier of the California National; J. A. Turner, cashier of the Farmers & Merchants' National; H. T. Rutherford, cashier of the Orange County Savings & Trust, and J. A. Harvey, vice president of the Citizens' Commercial & Savings, were filed. These statements advocated probation for Sapp.

A letter from Sheriff Jackson strongly recommended clemency. It stated that Sapp had demonstrated in jail that he is not a criminal. A statement from City Marshal Jernigan of Santa Ana said that Sapp had never been arrested for violating a traffic ordinance, and officers had not found it necessary to caution him. One of the strongest endorsements came from City Marshal Porter of Newport Beach, who said he had ridden with Sapp and considered him an exceptionally careful driver. Bishop said that while it might be contended that for the protection of the public someone should be sent to prison, the price was too much to ask Sapp to pay.

Bishop's presentation for probation was probably the strongest ever presented here.

Warning is Given

District Attorney L. A. West said that so far as the particular case before the court was concerned, he had nothing to say.

"Our office is in closer touch with traffic conditions than any other office," said he. "There are two classes of automobile drivers, those who are careful and those who are reckless. With reckless driving, no careful driver, however cautious he may be, is safe. It is my opinion that unless the arrest and prosecution of Sapp has brought the lesson home already, that reckless driving in this county will not stop until some man has been put in stripes."

"I am not unmindful of the truth of what the district attorney has said," said Judge West, "for only last night as I was driving to Fullerton a Crown auto stage cut around another machine and passed between that machine and mine, with not over twelve feet between the Crown stage and my machine when it dodged back. That stage was going not less than twenty-five miles an hour."

"However, that has nothing to do with the Sapp case. Sapp is not responsible for the act of that driver. During the trial I was impressed with Sapp's appearance and demeanor. I believe that Sapp was going faster than he thought he was going when the accident occurred. He had no intent to commit an offense, but under the law there need be no intent."

After Sapp had stated his age to be 21 and that his parents live in Seattle, Judge West ordered a stay of judgment for two years. Sapp is to report to the probation officer every three months. He may go to any county in California. He is not to drink intoxicating liquor, or go into any poolroom or saloon.

Sapp was convicted of manslaughter. His jitney struck R. J. Webster's buggy from the rear, and turned over.

Bigamy Charge Lodged Against Charles Bonnin

Young Man In Jail Here Is Taciturn When Asked As To Tangle

Haggard and ill-clothed as a result of alleged dodging of officers during the past four or five months, Charles Lewis Bonnin, 23, now in the county jail on a charge of bigamy, was taciturn today when questioned in regard to the circumstances of having married Margaret Davis in this city March 14, 1914, when he had already married Violet C. Sessions on December 4, 1912.

Bonnin was arrested yesterday at San Pedro following a hunt which officers throughout the state have been conducting during the past few months.

"It is understood that at the time you married your first wife both you and she were under age and that at the time you married Margaret Davis you supposed that the first marriage had been annulled. Is that true?" Bonnin was asked.

The alleged bigamist admitted that the second marriage was performed as a result of his believing that the first had been annulled.

Attorney Wallace W. Davis, representing the two wives, secured an annulment of the Davis marriage on May 14 of this year. He sued for an annulment of the Sessions marriage but this latter has not yet been granted.

The mothers of both the girls that Bonnin married caused the suits for annulment to be brought. Zona Sessions is the mother of Violet C. Sessions, the girl whom Bonnin first married.

At the county jail today Bonnin gave unmistakable signs of hardship endured during the past few weeks. It is understood that he feared arrest and went from place to place seeking any kind of work that he might obtain. It is stated that he was recently engaged in road construction work at San Pedro.

HOLLYWOOD IS DOWN 23 TO 0 BY SANTA ANA

Splendid Playing By Local Team Piles Up Score In Saturday's Game

Playing its best game of the season, Santa Ana High School on Saturday defeated Hollywood High School by a score of 23 to 0. The smearing started in the first quarter with a touchdown, was continued in the second quarter with another touchdown and was given a wind-up smear in the last quarter with a field goal and a third touchdown.

Hollywood had a good team, and put up a game fight, but the visitors found Santa Ana's players full of pep, speed, eye for holes, arms for tackling and a few other such things that go to make up a good football team. At no time was Santa Ana in danger of being scored upon. Hollywood tried backs, dives, plunges, short end runs and long end runs, and found each and all of them ineffective. It came nearer success in the use of forward passes, but about half of them were blighted, and two or three of them got into Santa Ana hands.

Santa Ana won all of her points.

REMARKABLE CASE of Mrs. HAM

Declares Lydia E. Pinkham's Vegetable Compound Saved Her Life and Sanity.

Shamrock, Mo.—"I feel it my duty to tell the public the condition of my health before using your medicine. I had falling, inflammation and congestion, female weakness, pains in both sides, backaches and bearing down pains, was short of memory, nervous, impatient, passed sleepless nights, and had neither strength nor energy. There was always a fear and dread in my mind, I had cold, nervous, weak spells, hot flashes over my body. I had a place in my right side that was so sore that I could hardly bear the weight of my clothes. I tried medicines and doctors, but they did me little good, and I never expected to get out again. I got Lydia E. Pinkham's Vegetable Compound and Blood Purifier, and I certainly would have been in grave or in an asylum if your medicines had not saved me. But now I can work all day, sleep well at night, eat anything I want, have no hot flashes or weak, nervous spells. All pains, aches, fevers and dreads are gone, my house, children and husband are no longer neglected, as I am almost entirely free of the bad symptoms I had before taking your remedies, and all is pleasure and happiness in my home."

Her backs showed their best interference of the season, and tackled and ends opened up some holes of the wagon-size width. Each touchdown was earned by splendid runs, plunges, with several successful forward passes contributing their yards.

It was Lee Brown's especial day. Without exception his game was the best on the field Saturday. One might guess that he carried the ball further Saturday than he had all the rest of the season. His runs were the snappy kind that makes the bleachers rise up. Brown's ground-taking stuff was only equalled by his defensive work. He tackled with the precision of a mouse trap closing on a victim. When he took a runner amidsips or at some other portion of his anatomy, the runner came down then and there. In comparison with some of the other tackling that was done on the field Saturday, Brown's was superb. There was more swinging around the neck than there was around the knees. Hollywood's team takes the cake for the noose-tackle.

Brown, Hamaker and Trago were successful in breaking up no small number of attempted forward passes. Brown's work along that line contributed a good deal to giving him star's honors for the day.

Trago at quarter played his usual rattling good game. He handled the team in good shape, kicked a field goal and two goals.

Santa Ana's line from end to end was there with the goods. Irvine tumbled many a play. Stewart was out of the game with a scalp wound soon after play started, but he was soon into the thick of it again, playing a strong defensive and offensive game.

The line-up:
Santa Ana Hollywood
Plavan RE Brittain
Irvine RT McCalla
Marsile RG Hoag
Stewart C Ralphs
Kenyon LG Baker
Best LT Kirkpatrick
Smith, Morrison, LE Bottler
Trago Q Henry
Covington RH Edwards

Y. M. C. A. BOYS OF COUNTY IN AQUATIC MEET

Considerable wondering comment was created last Saturday evening when nearly two hundred boys in single file, marched down Bush and Fourth streets to the Athletic Club. The sight was rather unusual for the line stretched out for two blocks and there had but little warning been given that such a crowd was to invade Santa Ana.

The significant thing about the entire crowd of two hundred boys was that every boy in line is a member of one of the Orange County Y. M. C. A. Bible Study Clubs. These nineteen clubs, representing ten different communities of the county, had just concluded a banquet and a business meeting in the basement of the United Presbyterian Church and were at the time on their way to the Athletic Club, which had been rented for the evening, for an athletic and aquatic meet.

After a series of races in the gymnasium of the Athletic Club, the boys went to the plunge room, where a number of contests in diving, swimming races and under-water swimming were indulged in. The boys were divided into four weight divisions so that the small boys would only have to run against boys of their own size. A large copper cup has been offered for the club winning the

AN-URIC!

The Newest Discovery in Chemistry.

This is a recent discovery of Doctor Pierce, who is head of the Invalids' Hotel and Surgical Institute at Buffalo, N. Y. Experiments at Dr. Pierce's Hospital for several years proved that there is no other eliminator of uric acid that can be compared to it. For those easily recognized symptoms of inflammation—as backache, scalding urine and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, it is simply wonderful how surely "An-uric" acts. The best of results are always obtained in cases of acute rheumatism in the joints, in gravel and gout, and invariably the pains and stiffness which so frequently and persistently accompany the disease rapidly disappear. Go to your nearest drug store and simply ask for a 50-cent package of "An-uric" manufactured by Dr. Pierce, or even write Dr. Pierce for a free sample. If you suspect kidney or bladder trouble, send him a sample of your water and describe symptoms. Dr. Pierce's chemist will examine it, then Dr. Pierce will report to you without fee or charge.

NOTE:—"An-uric" is thirty-seven times more active than lithia in eliminating uric acid, and is a harmless but reliable chemical compound that may be safely given to children, but should be used only by grown-ups who actually wish to restore their kidneys to perfect health, by conscientiously using one box—or more in extreme cases—of "An-uric" (thanks to Doctor Pierce's achievement) is by far the most perfect kidney and bladder corrector obtainable.

A GREAT OFFER

If you will cut this out and send 3 dimes to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., you will receive a 1,000-page book, bound in handsome cloth, fully illustrated, all charges prepaid.

greatest number of points in the meet and the contests were close between the representatives of the various groups. The three Kemp boys from the two Anaheim clubs were prominent point winners, each of the three winning a first place and one of the boys two firsts. Donnie Smith of the Pathfinders' Club of Santa Ana took three firsts in the swimming. Sprout and Fletcher of the Premier Club each captured a first in the heavy-weight division in the swimming, and Forgy of the same club took first in the dash in the gymnasium. The points have not been fully figured up yet but the contest seems to lie between the Trojans of Anaheim and the Pathfinders and Premiers of Santa Ana.

The club winning the meet will retain possession of the cup for one year, when it will be up for competition again.

An interesting feature of the business meeting was the distributing of the new Orange County Y. M. C. A. pins—an "O" for Orange County, enclosing a triangle, representing the Y. M. C. A. and a "C" inside of the triangle for Clubs. The lower half of the "O" is left blank so that the members of each club may have the initial of their club name engraved on the pin, thus making it an individual club as well as a county-wide pin.

The assembled clubs also voted to back up the proposed relay race with the San Bernardino county clubs. This race, in which at least two hundred boys, one hundred from each county, will run, will be held in the latter part of January or first of February.

NEWPORT FISHERMEN MAKING GOOD HAULS

Newport News: There have been some big hauls of smelt made in the past few weeks, but the top-notch in the history of this beach was made Thursday evening by Earl Ahlf, Charles Schwall and Frank Williams. There were thirty-one boxes in the catch, and when they were weighed up Friday morning the total number of pounds was 5500. The boys are not only having exceptionally good luck in getting big hauls, but the price is also good, ranging from five to eight cents per pound. Most of the smelt which have been caught lately are being shipped to San Francisco, the market affording a much better price than Los Angeles.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a billious look in your face—dull eyes with no sparkle.

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective.

They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

THE BIG FAIR IN FULL BLAST TILL DEC. 4TH

Southern Pacific Corrects Erroneous Information As to San Francisco Fair

From some unknown source a rumor seems to have been circulated, and seems to be accepted by our Southern California people, to the effect that a great majority of exhibitors and concessions at the Panama-Pacific International exposition at San Francisco have been removed, and that it would not be worth while to visit the fair during the remainder of the season. This rumor is absolutely and entirely incorrect and has no foundation whatever. All exhibits and concessions will remain intact until closing date, December 4.

Attention is called to the four particular features in which the Panama-Pacific International Exposition stands without a rival—character of architectural beauty; general color scheme; landscape gardening and lighting scheme.

FRUIT GROWERS ARE IN FAVOR OF CO-OPERATION

County Horticultural Commissioner Bishop Is Back From State Meeting

"Those who attended the State Fruit Growers Convention at Visalia last week expressed themselves as strongly in favor of co-operation in the handling of all kinds of California fruits," said R. K. Bishop, county horticultural commissioner, today. Bishop has just returned from the Visalia meeting.

"The sentiment seemed to be," continued Bishop, "that fruit growers get the best results through co-operative measures."

Another matter that occupied considerable attention at the convention concerned the standardization of apples and deciduous fruits. The association expressed its sentiment in fa-

One reason for the great popularity of Gold Dust is its activity.

It dissolves quickly in hot or cold water, and perfumes in addition to cleaning.

Millions of housewives are using Gold Dust regularly for cleaning everything from linoleum to the choicest silver and woodwork. A tablespoonful dissolved in a pint of hot water is the recipe for proper use.

NEW LIGHTING SYSTEM AT CLUNE'S PLEASING THEATER'S PATRONS

Did you attend either of the performances at Clune's Theater on Saturday or Sunday? Those who didn't, have a pleasant surprise awaiting them, and those who did were delighted with the new arrangement of lights in the auditorium of the theater.

As a person now enters Clune's auditorium, during the showing of the pictures, he is struck with the fact that it is very light, that he does not have to grope his way in the inky darkness down the aisle and along the row to his seat, as formerly.

By a special arrangement of the lighting scheme Manager McKinney has done away completely with the old fashioned utter darkness of the Auditorium during the showing of motion pictures.

A good deal of comment has recently been made about the eye-strain attendant upon the watching of motion pictures and it is now almost universally agreed that to have subdued light in the auditorium is better for the eyes than complete darkness. It was claimed the pictures were too sharp.

The wonder of this lighting arrangement at Clune's is that instead of the light in the auditorium lessening the clearness of the pictures shown upon the screen, the projection is perfect.

Mr. McKinney has, by his expert knowledge of motion picture projection, made the pictures not only distinct, flickerless and clear, but the acting figures stand out from the background in life-like form, so that the picture does not appear to be upon a flat surface.

This is an achievement which cannot fail to appeal to everybody because it makes the pictures seem all the more life-like.

Mr. McKinney has been working on these important improvements looking toward the opening of the Triangle-Fine Arts program, the pictures of which were made under the personal supervision of the three greatest motion picture directors—D. W. Griffith, Thomas H. Ince and Mack Sennett. The first production of this program will be shown tonight. It is entitled "The Lamb" and features Douglas Fairbanks of "Double Trouble" fame, the picture filmed in Santa Ana.

ARE YOU RHEUMATIC?

Many Pangs That Pass for Rheumatism Are Really Due to Weak Kidneys

Is it rheumatism? Not every pain is. Weak kidneys let uric acid collect. Uric acid causes many queer pains. In the thigh it's sciatica; In the back, lumbago; In the nerves, neuritis. Gout, gravel, dropsy are uric troubles.

When you suspect the kidneys use Doan's Kidney Pills—The home-recommended remedy. Santa Ana testimony is the best proof.

Read this Santa Ana story: Mrs. J. M. Osgood, 1076 W. Fourth St., Santa Ana, says: "I suffered from pains throughout my body. I was nervous and couldn't get much rest at night. My finger joints were swollen and rheumatic. I felt miserable in every way. Doan's Kidney Pills drove away the pains and aches and toned up my system." (Statement given March 11, 1907.)

OVER SIX YEARS LATER Mrs. Osgood said: "I haven't had to use a kidney medicine since taking Doan's Kidney Pills."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Osgood has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

LIFE INSURANCE COMPANY HAS TRANSFERRED POLICIES

The United Protective Life Insurance Company of Santa Ana has entered into an agreement with the Occidental Life Insurance Company of Los Angeles whereby that company has taken over the policies of the local company, which is now closing up its affairs preparatory to going out of business. The Occidental Life Insurance Company assumes all liability to policyholders in the United Protective Insurance Company on and after October 14, 1915. The transfer was made with the approval of the State Insurance Commissioner.

Officers of the local company state that they were just getting to a point where the company was self-sustaining and that it was not for lack of business that they were quitting, but was due to certain legal complications. W. A. Zimmerman, former president, and L. O. Culp, former secretary of the United Protective, have both accepted positions with the Occidental.

'GETTING THE RANGE'

BY THE OBSERVER.

Several score Santa Anas jammed the sidewalks at Claremont to help cheer the several Santa Ana and Orange county athletes who battled each other valiantly as defenders of the football honors of Oxy and Pomona Saturday. Among those who rooted were A. J. McFadden, Ed McFadden, Emmett Raitt, Misses Ada and Mabel McFadden, Mr. and Mrs. Frank Todd, Misses Joena Sharp, Doris and Edna Robbins, Mac O. Robbins, Mrs. O. M. Robbins and Dr. and Mrs. H. M. Robertson, Shipke and Smith for Occidental and Raitt, Wallace, Greathouse and McFadden for Pomona were among the local warriors who were prominently identified with the melee which resulted in Tiger downing Hum to the decisive score of 20 to 0.

Two hundred and fifty Santa Anas packed three Pacific Electric cars here at 12:20 and were hauled to the Mission Play Saturday afternoon, under the genial chaperonage of R. L. Bishop of the Spurgeon Realty Company. The crowd returned here at about 7 o'clock.

It is reported that Sam Jerinjan and Dr. George H. Dobson are still hard at work conducting their verbal feud.

Note on the blotter at police headquarters: "2:40 a. m., Sunday. Officer Pond, in uniform, still is on display at Sam Stein's." Explanation: While the moving picture people were here about a month ago they put Officer Pond in full gripman's regalia. Sam Stein snapped the unsuspecting Pond, developed the print, and put it in the window of his stationery store.

Steele Finley today began paying Chestnut avenue. The section to be covered with asphalt lies between the P. E. Huntington Beach track and the S. P. track on the east. Finley took over the contract from George C. Roy, receiver for the Crandall Construction Company.

Some one, inconsiderate and predatory, made way with the tail lamp of George Prather's automobile last night while it (the auto) was standing at the corner of Third and Main streets.

J. H. Ryan and C. I. Pond, efficient guardians of the peace here, today are in Los Angeles buying new uniforms with which the local police will be decked out in the near future.

Officer John Ryan is still perturbed as to how he will arrange to have the public distinguish himself and H. Ryan. The latter is the new officer who recently was added to the local police force. John is no relation of J. H. ("Joe") Ryan.

Someone asked me the other day when the officers were going to begin wearing their new uniforms I said, "Probably from the time they get up in the morning until they get ready to retire at night. The policemen probably would be barred from coming on to the streets with no uniforms at all."

Secretary J. C. Metzgar of the Chamber of Commerce is at pains to inform me that there is an impression current that the Associated Chambers will hold its regular meeting this month on the 24th inst. Jim is also emphatic in saying that the meeting which ordinarily would have been held then has been called off on account of the proximity of Turkey Day. It is the custom, Jim states, that the regular November and December meetings of the Associated Chambers be held jointly on the second Wednesday in December. The meeting will be held this year on December 8, at the Newport Beach Hotel.

Joe Burke's jokes, owing to the seriousness with which he utters them, are constantly getting him in aqua torrid. The other day when he was being sued for about \$500 he said that the Orange County Bar Association would probably defend him, being as now he is the secretary of the legal organization. It seems that the jest was taken seriously in certain quarters and a goodly modicum of jokes are now being hurled, boomerang-like, at Joe's unsuspecting head.

FULLERTON PLANNING CITY CHRISTMAS TREE

FULLERTON, Nov. 20.—This city may have a large municipal Christmas tree. A number of business men and city officials are in favor of the proposition. It has also been endorsed by some of the local churches and lodges. It is proposed to have a large tree in the center of the street at the corner of Spadra and Commonwealth avenues, decorating it with hundreds of electric lights, several days before Christmas. The tree would be seen by hundreds of people who travel daily between Los Angeles and San Diego.

KING FOR CONGRESS

Hon. Lyman M. King, State Senator, editor of the Redlands Facts, gentleman, man of first-class ability and the highest integrity, makes announcement of his candidacy for Congress as follows:

Announcement of Candidacy

I have decided to be a candidate in the Primary Election of 1916 for the Republican nomination for Representative of the Eleventh California District in Congress.

I consider the policy of Protection to American Labor and American Products, as shown by the history and the present attitude of the Republican party, the paramount issue before the people at this time. This issue is emphasized in this district by the great citrus fruit and beet sugar industries located here. The prosperity of these, and of their employee labor, is entirely dependent upon a Protective Tariff.

The harbors and coast line within the Eleventh California District and the large areas dependent upon irrigation projects suggest other matters of large moment. All of these, and other subjects of legislation, will be given my best study and most earnest efforts if I am chosen to serve in the House of Representatives.

Cordially yours,
 LYMAN M. KING,
 Redlands, California.

The Register will take pleasure in supporting Mr. King, provided as good a man and as strong a candidate does not appear among the citizenship of Orange County.

Mr. King is a thoroughly honest, honorable man, of more than average ability, a good campaigner, a highly efficient and indefatigable worker.

As a newspaper man, manager of electric lighting company, banker, real

estate dealer, orange grower, he has had varied and successful business experience. As chairman of the San Bernardino County Republican Central Committee, and as State Senator, he has become versed in politics and public affairs.

Mr. King is a progressive Republican and anti-saloon man, and is safe and sane on the tariff question. Thus his availability is exceptionally good. All things considered, we doubt that a stronger candidate for Congress than Lyman M. King can be found in the district.

AS OTHERS SEE US

(Riverside Press)
 The oil town of Brea at the mouth of the Brea canyon is moving in the matter of incorporation. This will make the ninth incorporated city in Orange County; the list as it stands today is: Santa Ana, Orange, Fullerton, Anaheim, Huntington Beach, Newport, Stanton and Seal Beach. The last named place incorporated as a "wet" town and will seek to emulate Venice in the attractions it furnishes to summer visitors. That program, however, is not likely to prove a winner with the class of people who naturally go to the Orange County coast resorts. The beach town that is growing the most rapidly is Huntington, which has been "dry" from the beginning.

"Who steals my purse steals trash." I quoted, "but who steals my good nature, my optimism, my faith, my enthusiasm, I consider steals something of incalculable value." I continued.

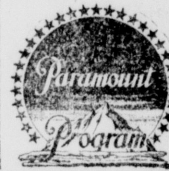

"What are you going to do about it?" asked my friend, a bitter expression coming over her face.

"Why, keep away from any one who tries to do it, avoid them as you would the pest. People like that can spoil a whole day. They can steal your entire confidence in yourself. We are so apt to remember the unpleasant things that are said to us rather than the encouraging things."

"The trouble is you cannot always get away from these despoilers of life," she replied, "for often they are linked to you by family ties, or responsibilities of some kind, you cannot break. Can anybody steal your confidence and enthusiasm more effectively than the family?"

How true that is. I have seen men and women rob natures of the only elements that made life worth the living. A few words, a dash of sarcasm, sometimes a look or a shrug of the shoulders is sufficient to rob one of courage and take away all enthusiasm.

Anyone who steals your optimism is worse than the thief who steals in at night to rob you of your jewels or silver. That is a small loss compared to your spirits, yet there seem to be many whose mission in life is to do this very thing. They approach you

with their opinion of your capabilities; the fact that it is you, and they know you from A to Z settles it. Of course you would do nothing out of the ordinary run of things! Surely a prophet is without honor in his own country! If you are thinking of literary work they will tell you frankly they never had much faith in your opinions or thoughts, and it would be absurd to think anyone would read such stuff, let alone pay for it.

So it is with any enterprise you might undertake, they doubt your ability to carry it through. Even if you are contemplating matrimony they question your judgment of choice of husband, and don't see what you want that kind of a man for anyhow; while a comparative stranger will sometimes weigh your capabilities and handicaps in the balance and often say, "Go ahead, you can do it, others have, why not you?"

One of these so-called friends, or family, will in one fell swoop rob you of all your hopes and ambitions. Continual nagging will steal your good nature. Unnecessary interruptions and useless questions will rob you of your time and patience and spoil a whole morning's work. Does the man or woman who is always late, who can never be depended on, realize how much they have stolen of someone's spirit? Is there anything more despicable than he who would steal your faith? Faith is the fuel we need to keep all the rest warm and alive. Without faith we die, although the heart may still beat.

Mark Twain said: "Don't part with your illusions, when they are gone you may still exist but you have ceased to live."

Beware of anyone who would despoil us of any of the influences of the spirit.

 J. A. Turner, cashier of the Farmers and Merchants' National Bank, has lost one of his valuable fox hounds. The dog has strayed, or possibly has been caught in some trap set in the hills for coyotes. Turner has offered a reward for information leading to the recovery of the animal, which is described as a "white dog fox hound with black spot around one eye."

BIRTHDAY DINNER

Mr. and Mrs. James H. Shaffer Hosts Honoring Latter's Birthday Yesterday

Mr. and Mrs. James H. Shaffer of West Fifth street were hosts yesterday at a sumptuous turkey dinner, in honor of Mrs. Shaffer's birthday, the affair being in the nature of a family reunion, as all the guests were relatives.

The appointments were carried out in white and lavender, the lovely cake made by the Dragon being elaborately decorated. The nut cups were in the same dainty shades and pansies marked the napkins. Carnations and chrysanthemums were the flowers used and the surprise of the day was the twenty-six-pound turkey which was given to Mrs. Shaffer as a gift and which she served together with many other good things to eat.

Mrs. Shaffer was the recipient of many pretty gifts, among them a diamond set lavallier from her brother, Little Misses Ada Mae Fields and Electa Shaffer played pretty violin duets and Mrs. Eugene Fields gave instrumental numbers.

After dinner the company went in a body to Clune's Theater, where the show was enjoyed.

Besides the hosts, the company numbered Mr. and Mrs. Joseph Fields, Viola and Alta Mae Fields, Mr. and Mrs. Ike Fields, Willis and Ernest Fields, Mr. and Mrs. Arthur Fields, Watts, Mr. and Mrs. G. W. Rockefeller, Mrs. E. J. Shaffer and Louis Johnson.

Saturday evening Miss Katherine Rutherford of the Santa Ana Hospital was dinner guest at the Shaffer home.

HOLD MEETING A PRELIMINARY TO A REVIVAL

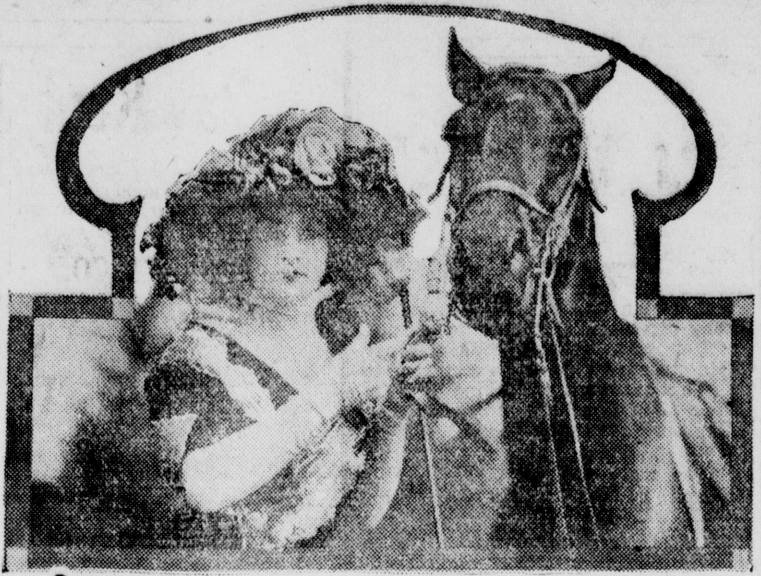

Splendid interest and enthusiasm marked last night's union meeting of the churches that are joining in the revival that is to start tomorrow night at the tabernacle erected on Bush street near Third street. In the singing and the addresses there was sounded the note of endeavor to make the revival a great success.

The choir, led by Prof. Haynes, gave promise of excellent service during the meetings.

The tabernacle was crowded last night, all of the seats being taken. Ministers of five of the churches that are joining in the revival were on the platform last night, and each gave a rousing address, pointing to some feature of the revival that is to be held. The addresses were as follows: "The Kind of Revival Needed," Rev. J. A. Stevenson, First Presbyterian; "Personal Responsibility," Rev. E. J. Inwood, First Methodist; "The Conquering Power of Faith and Love," Rev. J. G. Kennedy; "Prayer and the Revival," Rev. Charles H. McConnell, Immanuel Baptist; "The Personal Touch," Rev. F. G. Watson, Richmond Avenue M. E.

The meeting last night lasted about an hour. Throughout the revival the meetings will not last but little over an hour. In fact, it is the aim to open each meeting promptly at 7:30 and close it at 8:30. The meetings will continue for at least four weeks.

MISS MARTHA FLORINE, who trains wild animals—makes actors of lions and leopards, and appears with different classes of her pupils with Al G. Barnes wild animal circus, that's to be in Santa Ana, Wednesday, November 24.

Here's a petite little woman—educated, always well dressed, who has mastered a trade of unusual character for a woman. She's a practical horse shoer and can wield a heavy smith's hammer over the clanging anvil and shape a glowing hot piece of iron into a perfect shoe.

The smithess is Miss Martha Florine, one of the principal women animal trainers of the Barnes Wild Animal Circus, that will exhibit in Santa Ana, Wednesday, November 24.

Miss Florine took up blacksmithing because of brutal treatment given her horse, Bob Chocolate, by a drunken smithy. It was fly time, Bob was restless, and the man gave the horse a beating with a wagon spoke.

Then and there Miss Florine decided that she would learn to make Bob's shoes, and that she would fit them, too. So she practiced over the anvil till remarkable skill and strength was developed, and she could make the shoes, fit them and trim the horse's hoofs—but there was one part of the job she just couldn't do. Nail the shoes on.

"I just can't make myself believe that driving nails into Bob's hoofs does not hurt." So when her favorite is to be shod, Miss Florine does all the preliminaries and then—lets a mere man do the nailing.

Along with her other duties, Miss Florine performs daily a class of highly educated Persian leopards. The feat is one of daring and one that thrills, and is one of the feature wild animal acts of the great Barnes Show.

Terrible Croup Attack Quickly Repulsed By Old Reliable Remedy

Here's what he says: "Two of my children, one boy and a girl, aged eight and six years respectively, had terrible attacks of croup last winter and I completely cured them with Foley's Honey and Tar Compound. I have ten in family and for years I've used Foley's Honey and Tar Compound and it never fails."

Banish worry and save doctor bills—keep Foley's Honey and Tar Compound always on hand, in your home. One bottle lasts a long time—it's reliable and safe—and the last dose is as good as the first. Get the genuine, Rowley Drug Company.

Kidney Trouble Means Terrible Tortures

Hundreds of sufferers from pains in the back and sides, bladder and urinary disorders, lumbago, rheumatism, dizziness, purty swellings under the eyes or in the feet and ankles, nervousness, tired or worn-out or head-achy feeling, don't seem to realize that the greater part of all sickness today can be avoided by keeping the kidneys working properly. If you suffer from any of the many agonies that accompany weak, clogged-up or diseased kidneys you should not neglect yourself another day and run the risk of serious complications. Secure a package of Solvax, the wonderful new kidney remedy which is very inexpensive yet acts quickly and surely on the seat of the trouble. You'll be surprised how entirely different you'll feel in a very short time.

It doesn't matter how long you have suffered, how old you are, or what you have used. The very principle of Solvax is such that it is practically impossible to take it into the human system without beneficial results.

Solvax is pleasant to take, gives quick relief and has been so uniformly successful that the Rowley Drug Company will in future sell it under a positive guarantee of relief or refund the money. No other kidney remedy ever had a large enough percentage of cures so that it could be sold in this manner. A guarantee like this speaks volumes for the merit of Solvax.

There is no time like the present to do a thing that ought to be done. If anyone has kidney trouble today is the best time to begin curing it.—Advertisement.

WILSON WRITING MACHINE GOES BY JUMPS

WASHINGTON, Nov. 20.—When President Wilson writes a message to congress it looks something like this:

In addition to which the machine's alphabet is badly chewed as to legs and shoulders. The space bar suffers from intermittent paralysis. Some of the letters are virtually mute. Others have bold, black faces. The ribbon is about as fresh and whole as a battle flag in a museum. The mechanism generally is decrepit, and limps heavily through the affairs of state only under the severest presidential goading. Mr. Wilson admits it is far from faultless, but he likes it, and he is very proud of the fact that it has no hyphen.

Personal Attachment
You couldn't get a typewritten line out of the President on any machine but this one—not even with a dark lantern and a jimmie. White House humorists say he has hand-raised the poor thing so long he has developed a personal attachment for it. If so, that is the only valuable attachment it has.

For years and years the ancient machine has endured professional, authorial and presidential pecking. And pecking is right, for Mr. Wilson is a

disciple of the Hunt system, or forefinger hesitation. Wherefore it may be said that this is the only typewriter that ever had the distinction of having hesitated with a President. It might be added that this couple is getting ready to lead Congress a merry dance this winter while the orchestra plays "O You Preparedness."

Low, Rakish Form
The low, rakish form of this ancient, rusty friend of the President reposes in his library. They understand each other's idiosyncracies and eccentricities and they stand ready together at any time to battle submarines, blockades of neutral ports, or a-a-oh, any darned thing.

OCCIDENTAL WINNER FROM POMONA, 52-0

CLAREMONT, Nov. 22.—Occidental swamped Pomona here Saturday afternoon by a score of 52 to 0. Pomona put up a determined, though hopeless, defense during the first half-hour of play. Occidental scored in every quarter. The Los Angeles College played the ball down the field and over Pomona's goal line seven different times. McClung proved the star of the afternoon for Occidental. Numbers of substitutes were used during the game by the Tiger coach.

AT THE COURTHOUSE

HAVE JURY TO TRY WILLIAMS

The Defendant Secures Order For Daily Transcript of the Proceedings

This morning Judge Thomas began the trial of George Williams, charged with burglarizing T. Honda's house at Newhope on January 20. Williams was once convicted of grand larceny, the stealing of a watch at the time he entered Honda's house, and he served a six months' sentence upon being found guilty of petty larceny. Attorney Wallace W. Davis made a fight against the prosecution of Williams upon a burglary charge, alleging that the larceny case constituted once in jeopardy. However, he was ruled against, and the case went to trial this morning with Deputy District Attorney Koepsel prosecuting and Davis and F. X. Drumm defending.

Those selected on the jury are H. A. Miller, Josiah Jackson, S. C. Hartman, A. C. Williams, N. Travis, Louis Dausen, E. N. Hopper, George McNeill, James Fenstermacher, William Collar, H. E. Carner and J. D. Price.

Was Not Insane
An insanity commission in Judge Thomas' court examined Felix Vogel of El Toro this morning and found that Vogel was not insane. The evidence showed that he was intoxicated, and angry with his wife.

Judge Thomas ordered that Mrs. Vogel be brought into court this afternoon. The judge stated that it was his purpose to tell Vogel and his wife that if they did not cease having intoxicating drink about the house that the court would take the children away from them.

Three jugs of wine were found at Hopp's place and one at Dominguez's.
